Point-in-Time & Housing Inventory Count

- ❑ The *Point-In-Time (PIT)* Count is a count of sheltered and unsheltered people experiencing homelessness on a single night in January.
 - ❑ Unsheltered individuals are recorded homeless if they were surveyed during the 24 hour PIT count timeframe.
 - ❑ Two types of surveys were used for the PIT Count: Observed and Interviewed.
 - ❑ *Observed* : Any individual who declined an interviewed survey, and was determined by the surveyor to be “definitely” homeless.
 - ❑ *Interviewed* : Individuals who agreed to answer an array of questions about their current homeless situation.
- ❑ Department of Housing and Urban Development (HUD) requires that Continuums of Care (CoC) conduct an annual count of people experiencing homelessness who are sheltered in emergency shelter, transitional housing, and safe havens on a single night.
- ❑ The Housing Inventory Count (HIC) is a point-in-time inventory of provider programs within a CoC that provides beds and units dedicated to serve people experiencing homelessness; categorized by five program types: Emergency Shelter, Transitional Housing, Rapid Re-housing, Safe Haven, and Permanent Supportive Housing.
- ❑ Palm Beach County PIT Count took place from 12:00 PM on Thursday January 26th, 2023 to 12:00 PM on Friday January 27th, 2023.
- ❑ Palm Beach County employees and volunteers divided into groups to cover all of PBC (geographically) to count individuals experiencing homelessness within the 24 hour period.
